\$25,000 - \$50,000: Full Sponsorship

A Full Sponsorship will fund the purchase of a new shell for the team! A brand new eight-oared shell can easily cost over \$50,000, while a four-oared shell costs between \$25,000 - \$30,000. A full sponsorship entitles you to all of the perks listed below plus full naming rights. Reach out to our Treasurer or to any of our coaches to inquire about what kind of boat we need most!

\$5,000+ Coach's Club

This is a substantial donation to the team, and will often coincide with what the team needs at that time. For example, if we have an older boat that we are looking to get refurbished or repainted, it could result in having the boat named for you. Or, if the team needs a new set of racing oars, we would put the name of your family or business on every oar in the set. Reach out to our Treasurer or to one of the coaches to see what the team needs most!

\$1,000+ Boat Club

A \$1,000 donation to our team will get the name of your family or business logo on the "Friends of EHT Crew" one of our 8-oared racing shells. It will also get you your very own oar, painted in EHT colors, to display in your home or office. Of course, you'll also be on the Sponsor t-shirt, and get enough t-shirts for the family or office.

\$500+ Oar Club

A \$500 donation to our team gets your family or business name printed on the shaft of a racing oar. It also gets you on the back of our 2024 Sponsor shirt, and four shirts for the family or office.

\$250+ Black and Silver Club

A \$250 donation to our team gets your family or business name or logo on our 2024 Sponsor t-shirt. It also gets you four Sponsor t-shirts for the family or office.

\$100+ Team Sponsor

A \$100 donation to our team will get your family or business name on our website and a free 2024 Sponsor t-shirt.

Dear EHT Community -

We are the Egg Harbor Township High School Crew Boosters, a 501(c)(3) comprised of the parents, coaches, alumni, and friends of EHT Crew. Our crew relies heavily on fundraising and donations from our athletes' parents and from the Egg Harbor Township community to purchase the equipment that keeps our team afloat.

Our rowers have put in the time and work needed to be successful this year. This Spring, our boys and girls earned more medals at the Philadelphia City Championship than any other team at the regatta (46 medals). Our team also won gold medals at the Atlantic County Rowing Championships in the Boys and Girls Novice 8+ events, the Girls JV 4+, and the Boys Varsity 8+. And our Girls Lightweight 4+ earned a silver medal at the Scholastic National Championships in Oak Ridge, Tennessee. Help give all of our rowers every opportunity to continue to be competitive at the highest level of scholastic rowing by donating to our team.

Rowing equipment is expensive! New 8-oared shells can cost over \$50,000. New 4-oared shells cost \$30,000. Oars cost almost \$500 apiece.

The last new boat our girl's team purchased was in 2015.

The fastest boat in southern NJ, our boy's Varsity 8, is racing in a boat that was manufactured in 2010.

It's time for some upgrades! The newer the racing shell, the stiffer, lighter, and faster it is. Your donation will go toward rowing equipment and helping alleviate the fundraising burden for our athletes. As a non-profit, we can provide a Donor Acknowledgement Letter for donations exceeding \$250. We've made it easy for you to donate by using Venmo, PayPal, and GoFundMe, but can also take cash or checks made out to the EHT Crew Boosters.

Learn more about our team at our website: EHTCrewBoosters.com

Follow us on Facebook: [Egg Harbor Township Crew](https://www.facebook.com/EggHarborTownshipCrew)

Feel free to tag your favorite EHT rower when you donate to our [GoFundMe](https://www.gofundme.com/).

Thank you for your support!
